ANNEX

ANNEX

to the

**Commission Delegated Regulation**

**supplementing Directive 2003/87/EC of the European Parliament and of the Council as regards the requirements for considering that greenhouse gases have become permanently chemically bound in a product**

## ANNEX

### **Products considered to permanently chemically bind greenhouse gases**

1. Mineral carbonates used in the following construction products:
  - (a) carbonated aggregates used unbound or bound in mineral based construction products;
  - (b) carbonated cement constituents used in concrete or other cement-based products;
  - (c) carbonated concrete, including blocks, pavers or aerated concrete;
  - (d) carbonated bricks or tiles.
